Serve Science See the Future

COMPANY PROFILE

Hangzhou BIOEAST BIOTECH Co., Ltd. is a leading high-tech enterprise dedicated to pioneering research and development in the field of key raw materials for In-Vitro Diagnostic, Life Science, and Biomedical reagent solutions. Established in 2018, BIOEAST BIOTECH has emerged as a trusted provider of innovative solutions in the industry.

We specialize in developing advanced technologies and cutting-edge solutions to meet the evolving needs of the diagnostic, life science, and biomedical sectors. Our product portfolio encompasses a wide range of offerings, including **microspheres, antigens, antibodies, enzymes, active proteins, chromatographic products**, and integrated solutions for various diagnostic platforms such as **Biochemistry, CLIA, ELISA, FIA, Rapid Test and Immunospectrophotometric assay**.

With our leading R&D and manufacturing facilities, ISO13485 certified quality system, and round-the-clock technical support with assay development experience;

BIOEAST has proudly served hundreds of manufacturers with customized solutions and also has 2 wholly-owned companies to serve manufacturers for different needs.

AICHEK - POCT integrated solutions

BiogenMicro - Biomedicine raw material solutions

As your trusted partner along the way of life science, we are committed to creating a glorious future together. Let's collaborate to achieve breakthroughs and drive innovation in the industry.
